

The image shows a schematic diagram of the RP2040 Dev Board V 1.0. The board has a black border with four circular pads at the corners. A central feature is a large, irregular polygonal area with many internal nodes and connections. To the left, there's a vertical column of pads connected by a horizontal line. The text "RP2040 DEV BOARD V 1.0" is centered in the upper-left quadrant. The entire diagram is composed of gray lines on a white background.
